Summary

Intermediate React Developer with a strong commitment to practical learning and a proven ability to acquire skills quickly through real-world projects. Possesses proficient knowledge in C++ and data structures, eager to continue exploring and advancing in the field of web technologies.

Skills

React • Redux • JavaScript • HTML • CSS • C++ • Github • Bootstrap

Work Experience

Frontend Developer Intern

Nov 2023

Launcheazy • Internship

Remote

Technologies: React • HTML/CSS • JavaScript • React JS

During my tenure at Codeweb Company, I honed my React development skills, further refining my expertise in this technology. My commitment to practical learning and hands-on experience allowed me to advance my proficiency in React and make meaningful contributions to the team. Additionally, my solid foundation in C++ and data structures complements my web development journey, and I am enthusiastic about continuing to explore and excel in web technologies.

Projects

Library-Management-WebApp

Sep 2023 – Sep 2023 •

Technologies: React • HTML/CSS • JavaScript

Developed a comprehensive Library Management Web App using React.js, featuring real-time book inventory updates, student record management, book allocation, and ID card generation. Implemented a 'Contact Us' form for user inquiries. Successfully facilitated efficient library operations, optimizing student and book tracking

Code-Editor

Sep 2023 – Sep 2023 •

Technologies: React • HTML/CSS

Created a standalone Code Editor in React.js, offering real-time live preview functionality for HTML, CSS, and JavaScript code. This project showcases expertise in front-end development and provides a valuable tool for web developers to experiment and visualize code in real-time

Resume-Builder-WebApp

Jul 2023 – Jul 2023 •

Technologies: HTML/CSS • JavaScript • React

Designed and developed a Resume Builder application using React, enabling users to input their information and generate professional resumes effortlessly. Combined front-end expertise with user-centered design principles to create a user-friendly tool for optimizing job applications.

Educations

Bachelor's degree: Computer Science

Aug 2021 – Aug 2025 • 4 yrs

Gyan Sagar College of Engineering

Bhopal, India

Grade/GPA: 8.07
