Vedant Kiran Farde

Shahapur, Thane, Maharashtra-421601 | +91 93700 79287| vedantfarde@gmail.com | https://vedantfarde.netlify.app/

Profile

Full Stack Developer adept in working in both front-end and back-end development processes. Highly skilled in programming design, development, and implementation of functional specifications.

Experience

Software Development (Intern) | Konverge.ai **|** January 2023 – July 2023

- Collaborated with a cross-functional team to develop a responsive web application using **React.js**, targeting shopping mall executives for customer spending analysis.
- Designed and implemented front-end components with **CSS** to create an intuitive user interface, ensuring a seamless user experience.
- Developed and integrated **CRUD** operations using **Express.js** on the backend, improving user data management and accessibility.
- Created a **real-time admin dashboard** that displayed analysis results, offering actionable insights to executives for data-driven decision-making.
- Employed **PostgreSQL** for efficient data storage, retrieval, and management, ensuring data integrity and accessibility.
- Active participation in **agile sprints**, adeptly adapting to evolving project requirements, ensuring the timely delivery of features and enhancements. Proficient in documenting code changes and utilizing **Git/GitHub** for seamless collaboration.

Project's

SectorX | Nagpur | July 2022- March 2023
https://sectorx-p5n6.onrender.com/

- Developed a feature-rich web application utilizing **React.js** and **CSS**, built to ensure seamless responsiveness across various screen sizes and monitor types. Integrated real-time data functionality by leveraging Coinbase **REST API** to display live graphs showcasing current cryptocurrency prices and trends, enhancing users' ability to track market changes efficiently.
- Implemented a dynamic news feed using data fetched from a custom API source, offering users access to up-to-date and relevant information regarding ongoing developments in the cryptocurrency space
    Used Technologies: - **React.js, JavaScript, Node.js, CSS, Ant Design**

Clone Careerist.com | Thane | July 2023 – September 2023
https://vkfarde.github.io/careerist/

- Engineered a Full-stack app using React.js and Express.js, integrating **MongoDB** for data management.
- Implemented user **authentication**, **authorization**, and **EmailJS** for smooth email communication.

Education

Bachelor of Engineering in Computer Science & Engineering | GH Raisoni Academy of Engineering and Technology, Nagpur | July 2019 – July 2023

- Achieved an impressive **7.46 CGPA**, showcasing consistent high performance and a strong dedication to academic excellence.
- Demonstrated exceptional abilities across diverse subjects, highlighting a keen intellect, hard work, and a strong grasp of complex concepts.

Skills & Abilities

- React.js | Node.js | Express.js | JavaScript
- MySQL |MongoDB | PostgreSQL
- HTML | CSS | Material UI | Ant Design
- Python | Java | C++ | C

- Agile Project Management
- Design and Development of APIs
- Complex Problem Solving
- Software Development
